

# Welcome to the British International School of Ljubljana

Slovenia's longest-established international school,  
delivering a truly global education with a British foundation  
in a safe, supportive environment.

EXCELLENCE · RESPECT · RESPONSIBILITY · INTEGRITY · COMPASSION

# Welcome to BISL!

At the **British International School of Ljubljana (BISL)**, we believe every child has unlimited potential.

We provide an **outstanding British education for ages 3–18**, blending academic excellence with creativity, global awareness, pastoral care, and a strong sense of community.

Here, **learning is personalised**—we nurture each child's strengths, challenge them to grow, and prepare them for success at top universities and in life beyond the classroom.

## The Best of British Education

We follow the English National Curriculum, recognised worldwide for its balance of academic subjects, arts, sports, and life skills. From Early Years through to Sixth Form, students are guided step-by-step towards IGCSEs and A Levels that open doors to prestigious universities across the globe.

## A Truly International Experience

With students from over 30 countries, BISL is a vibrant, multicultural community where differences are celebrated, friendships cross borders, and English unites us all.

## Opportunities for Every Talent

From sports to music, drama to languages, robotics to Model United Nations (MUN), our students have the chance to explore passions, build leadership skills, and discover who they want to become.

# Chosen by Families

## Academic Excellence That Lasts

Our students consistently outperform world averages in international exams. We don't just teach for results—we inspire curiosity, resilience, and a love of learning that lasts a lifetime.

## Supporting Every Learner

For many of our families, English isn't the first language. That's why we provide tailored English support built into the curriculum, so every student can thrive from day one.

## Beyond the Classroom

### Individual Growth

- ✓ We see each child as unique. With small class sizes, dedicated teachers, and a caring environment, every student is supported to achieve their best.

### Life Skills for the Future

- ✓ Problem-solving. Creativity. Compassion. Collaboration. At BISL, education goes beyond academic subjects—students develop the skills they need to succeed in a complex, connected world.

### A Strong Parent Community

- ✓ Our Parents & Teachers Association (PTA) plays a big part in BISL life. From family socials to charity projects, the PTA helps newcomers settle in, builds connections, which strengthens the school community.

## Facilities that Inspire

### A Campus Designed for Learning

Our modern campus provides **bright, spacious classrooms** that inspire curiosity and collaboration, alongside specialised **science and arts facilities** that allow students to explore, experiment, and express their creativity. With **excellent sports facilities** that promote health, teamwork, and resilience, our learning environment is designed to support every aspect of student development—academic, physical, and personal. Surrounded by a **safe and welcoming atmosphere**, the campus creates the perfect setting for students to thrive both inside and outside of the classroom.

## Safe & Engaging Playground

Opened in 2024, our new playground is designed with student **safety and adventure** in mind. It features **dedicated spaces** tailored to different age groups—one section created especially for our youngest learners in Early Years, and another designed for Primary and Secondary students. With **natural green zones**, a climbing wall, and a woodland area that provides enough space for the entire school to explore nature, our playground **inspires creativity, teamwork, and outdoor learning** in a secure environment.

"BISL has provided our teenager with an outstanding education and a strong sense of community. The balance between academic challenge and personal support has been exactly what we hoped for."

*Parent of Year 12 student*

## Voices from our Community

"The teachers at BISL go above and beyond to ensure that every child feels motivated and inspired. Our child has discovered new passions and skills thanks to their encouragement and creativity in the classroom."

*Parent of Year 8 student*

"We are impressed by the school's international outlook and the opportunities it provides for students to develop global awareness, empathy, and respect for others. It's wonderful to see our daughter growing into a curious, open-minded learner."

*Parent of Year 5 student*

We first enrolled our younger son at BISL, and after just one year we saw how much he thrived, both academically and personally. That experience made it clear to us that this was the right school for our daughter as well. From her very first day, she felt welcome – she especially appreciated how warmly the principal greeted her and introduced her to other students, which helped her settle in with ease. We are truly impressed by the caring and supportive environment at BISL. The school is a wonderful example of how children can feel both happy and comfortable in their learning environment, and we believe it can serve as a role model for other schools.

*Parent of Year 3 and Year 7 student*

"The BISL maths programme is ambitious, introducing students to key concepts early on. This approach gives them time to become familiar and confident, allowing their understanding to grow naturally without the pressure of immediate mastery."

*Parent of Year 4 student*
